Profile

I'm a passionate and dedicated **MERN full-stack** web developer and self-taught **C++** enthusiast. My journey in programming began in high school, and ever since, I have been driven by a relentless curiosity to delve deeper into the vast world of computer science. With a solid foundation in the MERN (MongoDB, Express, React, and Node) stack, I have developed a keen ability to build robust, scalable, and user-friendly web applications. My expertise in C++ further complements my skill set, allowing me to tackle complex algorithms and performance-critical applications with confidence and precision. I thrive on challenges and am always eager to expand my knowledge, staying abreast of the latest technological advancements and industry best practices. My goal is to continue growing as a developer, contributing to innovative projects, and making a meaningful impact through my work. [Here](#) are some of my projects.

Experience

Intern at Prodigy InfoTech (Mumbai - 400018, Maharashtra, India), contact@prodigyinfotech.dev

August
2024

My tasks included the development of: i) a user authentication system with secure login and registration functionality, ii) an employee management system, specifically a web application that allows administrators to perform CRUD (Create, Read, Update, Delete) operations on employee records, iii) a real-time chat application using WebSocket technology to enable instant messaging between users, and iv) a social media platform.

Programming skills

Programming languages

- HTML
- CSS
- JavaScript (including Node.js)
- TypeScript
- SQL
- C++

Coding tools / Frameworks

- Bootstrap & Tailwind CSS
- SASS & REST API
- Git & Github
- ES6 & OOP
- MySQL, MongoDB & Mongoose
- Express.js & Handlebars.js
- React.js & Redux
- Next.js

Soft skills

- Team player, dedicated to motivating and mentoring colleagues within multicultural settings.
- Recognized for strong client orientation.
- Impeccable integrity
- Dedicated to the objectives of the work.
- Eager to learn and earn knowledge and skills to improve my overall performance.

Technical training, certification

Software Developer Bootcamp
GoMyCode Senegal, Certified

January-
July 2024

Scrum Fundamentals Certified

June 2024

HackerRank certified (Frontend Developer (React), Rest API (Intermediate) and JavaScript (Basic))

May-July
2024

MongoDB, Express, React, and Node (MERN) full-stack web developer

April
2024

Postman API Fundamentals Student Expert badge

April
2024

CodinGame
Certification C++, Problem solving with C++
Certification JavaScript, Problem solving with JavaScript

March
2024

freeCodeCamp Responsive Web Design
[Developer Certificate](#), approximately 300 hours of work

February
2024

CodeCademy
C++ for Programmers Course
Learn C++ Course

January
2024

Education

Bachelor of Secondary Education Major in Mathematics
[Valedictorian, Prize of the [Minister of Higher Education and Research](#)]

July 2023

Languages

Languages	Level	Observations
French	<i>Excellent</i>	Native
English	<i>Good</i>	TOEFL, Score: 101/120
Spanish	<i>Notions</i>	Notions acquired during secondary education
